Good morning Rob, I had an opportunity to visit with Chief West and a couple of other firefighters about some of the PSO issues that they observed. I am convinced that it is not just idle talk. There is a definite problem going on.

Our Fire Department members are more than willing to talk with you about these issues. I have heard that there could be a minimum of 5 firefighters that have observed problems. I was thinking it might be best if you could work it into your schedule for you to come to our location, late some afternoon or evening. Just name the time and I will coordinate with Chief West
